## DALLAS FOOTBALL SPECIAL LEAVES AT 4 A. M.

### SOUTH VERNON COMPANY'S LEASE IS CENTER OF ACTIVITIES WITH WELLS READY FOR COMPLETION NEXT WEEK

Winnipeg No. 3 Is a Well With an Initial Production of About 500 Barrels—Bridwell & Heydrick No. 4 Stephens Holding Up to First Flow, While Outside Wells Are Being Watched for Possible Strikes Soon

The South Vernon Oil Company's lease has been the center of activities in the South Vernon oil field this week. Their No. 4 and 5 Stephens have been standardized for completion. No. 5 will be completed Sunday or Monday, according to present plans and No. 4 will be finished next week and connected up with the tanks. No.'s 10 and 11 have been spudded in and will be among the active drillers in that particular area for the next few weeks.

Bridwell & Heydrick's No. 3, which is producing from the sand at 1290 feet, will be drilled deeper for the big production at around 2000 feet, starting at once. This well is an offset to the big No. 1, Stephens, discovery well in the field, and the No. 2 Stephens which is producing some oil and a large quantity of gas at 900 feet. It is expected that the No. 3, when deepened, will be fully as good a well as the No. 1, which is still the best well in the field with 1500 barrels daily production after flowing steadily for nearly eight weeks.

Another completion of the week was the Winnipeg No. 3, which came in for about 500 barrels on the Bridwell et al tract in section 100.

A number of wells are nearing the sand and are due to be completed within the next week. Ray-Massie, Winnipeg-Waggoner, Bridwell & Heydrick, the Humble, an outside well, nearly half a mile southeast of the South Vernon No. 1 Stephens, are among those included in the list due for early completion.

The Kemp-Birdsong has, encountered another promising sand at a little more than 2300 feet. The hole is being bailed out preparatory to testing the sand for possible completion in case oil is paying quantities is found.

The Kolp well on the Waggoner ranch land in section 98 is being standardized for tying onto the pump within the next few days. This well is good for from 200 to 300 barrels.

Several outside wells are being watched closely for developments within the next week to ten days. McCamey-Sheerin No. 1, Stephens, drilling at about 1600 feet, after being standardized for deeper drilling, falls within this classification. Barkley & Meadows, the Staley & Wynn and the Humpie wells are others.

The announcement that Sheldon Drilling Company of Electra would sink another well on the Teapot Dome lease is taken as an indication that oil men are looking to the territory west of the present pool for a possible outlet for the good production. The Oklahoma-Texas No. 1 Bowers, continues drilling and will probably reach an interesting depth within the next ten days or two weeks. Sands in this well are checking closely with the logs of the wells inside the pool, which is taken as an indication that it is well on the structure.

The Little Drilling Company's No. 1, Youngblood, on section 77, strictly wildcat, is coming for considerable notice by members of the fraternity. Formations already encountered indicate that this well may open a new area of development.

Drilling has been resumed on the Paradise well on the Davis farm just south of the city and north of Paradise Creek. This well has been shut down several weeks pending completion of negotiations on a new drilling contract after the original contract had been fulfilled.

### NEW DIXON STORE WILL BE READY TO OPEN IN FEW DAYS

Ready-to-Wear Department On Mezzanine Floor Will Probably Be Open for Buyers Saturday, According to Present Plans of Manager

The new store of the Dixon Dry Goods Company will be open to the public within the next few days and in all probability the ready-to-wear department on the mezzanine floor will be ready for the first showing of merchandise tomorrow.

The opening of the store has been considerably delayed during the last week to ten days on account of the failure of fixtures to arrive and other items necessary for the completion of the store. The fixtures are practically finished in the ready-to-wear department and it is planned to move the stock into this department late today and tonight so as to have it ready for buyers tomorrow. The remainder of the store will be opened early next week. Fixtures for the main floor have been received and are now being placed by workers.

Installation of electric fixtures is nearly completed and by the middle of next week the establishment will be in full operation in every department, according to J. A. Dixon, manager.

The new Dixon store will be one of the most attractive in this section of the state. Several innovations have been included in the interior arrangement. As the visitor comes in the main entrance he is accorded a view of the entire main floor and a portion of the mezzanine floor. Fixtures on the main floor will be natural oak of Grand Rapids design. The main floor will be divided into departments by low show cases, arranged in horseshoe plan, yet without obstructing the view of the entire main floor. A broad staircase leads from the main floor to the ready-to-wear and millinery departments on the mezzanine floor in the rear of the building. The fixtures in this department are quarter-sawed oak, finished in a delicate gray.

Vernon people have been promised a musical treat, when the choir of the First Christian church of Wichita Falls will appear here Tuesday night at the high school auditorium. The program will commence promptly at 8 o'clock and tickets will be twenty-five cents for adults and 10 cents for children.

The whole town of Vernon responds readily to anything which tends toward civic improvement of both town and county and the idea of beautifying the highways meets with hearty approval.

Years ago, the Home Science Club, which is directly sponsoring the tree planting movement planted the trees on the principal streets of Vernon. Inspired by the labor of the good women others took up the work with the result that "Vernon the City Beautiful" ranks as the most beautiful town in the Denver.

The plot of the play centers around a mysterious young woman who takes the part of a maid in a tea room in a fashionable district. Miss Ola Ferguson takes the part and plays it admirably. She is revealed in the last act as to her true identity and captures a thief and a sweetheart in the closing scenes.

The following is the cast of characters:

1. Venite in E. flat—Wirts.

2. Duet—In the Hour of Trial—Schubert.

3. Angel Voices, Ever Singing—Shelly.

4. Pilgrims' Chorus (From Lounsbury)—Verdi.

5. Violin Duet—Symphony Concerto No. 4—Casals, Dausa.

6. Babylon's Wave—Gounod.

Inflammans (Statat Mater)—Rossini.

8. Praise Ye, (From Attila)—Verdi.

9. Praise the Lord, O Jerusalem—Maurer.

10. Hark, Hark, My Soul—Shelly.

11. Male Quartet—That Beautiful Land—Jones.

12. Te Deum in E. flat (Festival)—Buck.

### Victim Losses \$25 and Two Men Held In Betting Game

Three men worked an old game Wednesday morning at the Fort Worth & Denver depot, when they bet J. E. Moffett that he could not open a knife one of the men carried. The bet was twenty-five dollars and as soon as the money was put up two of the men jumped in a car and left. The other man, who goes by the name of Frank Newton, was held by the victim until officers arrived and he was placed under arrest. Jasper Catwhon, one of the pair, who made their escape in the car, has since been arrested and placed in jail.

### NEGROES UNDER ARREST FOR MAKING CHOC BEER

Deputy Sheriff J. M. Keesee arrested four negroes, two men and two women last Monday night on the J. W. Seal's farm west of town for manufacturing choc beer. The young man had not been bitten but had handled the dog as had several others of the same community.

The owners of the City Bakery are making extensive improvements at their place of business. The partition between the bake shop and the sales room has been moved to make more floor space in the baking department. The front is being redecorated and a balcony has been built across the front of the building and the office will be placed there.

### CITY BAKERY OWNERS MAKE IMPROVEMENTS THIS WEEK

The owners of the City Bakery are making extensive improvements at their place of business. The partition between the bake shop and the sales room has been moved to make more floor space in the baking department. The front is being redecorated and a balcony has been built across the front of the building and the office will be placed there.

### HYDROPHOBIA SERUM ADMINISTERED TO FARGO LAD

Dick Coffee, Fargo youth, to be on the safe side, had hydrophobia serum administered after a report from Austin stating that a dog killed in that neighborhood had unmistakable signs of rabies. The young man had not been bitten but had handled the dog as had several others of the same community.

### AMARILLO COURT REVERSES COUNTY ROAD BOND CASE

New Trial of Suit Involving Validity of Bonds Voted by Roads District No. 4 Is Ordered in Decision Announced Wednesday

The case of C. C. Hawley and others against O. T. Warlick, County Judge, and others, attacking the validity of the bonds voted in road district No. 4, for the completion of the Colorado-Gulf highway and the paving of Lee Highway northwest from Oklahoma toward Red River was reversed and remanded for new trial by the Court of Civil Appeals at Amarillo, according to a decision announced Wednesday.

The reason assigned by the Amarillo court for its decision was that certain issues raised in the petition of the plaintiffs were not specifically passed on by the trial court in dismissing the suit and dissolving the injunction against the issuance and sale of the bonds voted in the district. The decision dealt with a technical matter of presentation of the case before the trial court and did not enter into the merits of the case, holding that the trial court had jurisdiction and these questions could not be passed on by the higher court until after the trial court had ruled on the matters which were held subject to a general decree.

The case was originally brought into court when Judge James V. Leak issued a restraining order against the issuance and sale of the bonds and the levying of the tax in payment thereof. Judge Leak later dismissed himself and Judge P. A. Martin of Wichita Falls was appointed by Governor Neff as a special judge to hear the case. Judge Martin dismissed the suit and dissolved the injunction, from which appeal was taken to the Amarillo court.

Two courses of action are now open for attorneys for the County. One is to make a motion for rehearing before the Amarillo court asking a reversal of Wednesday's decision. The other is to accept the mandate of the appellate court and go into another trial before the District Court in Wilbarger County and have the trial court pass on the questions held to be subject to a general demurrer.

Attorneys for the County have not announced whether they will make an effort to have the court at Amarillo set aside its judgment on a motion for rehearing. Another term of District court will be held in Vernon next month when the case can be tried again for the purpose of having all questions passed on by the trial court in order that the appellate court may definitely dispose of the case.

This latter course will probably be the one pursued in order that a final adjudication of the case may be had at the earliest possible moment. Attorneys for the County state that Wednesday's decision does not in any way dispose of the case but that it merely means more delay. They state an effort will be made to have another hearing as soon as possible and express the belief it will soon be disposed of.

The front exterior has been made in an unusually attractive design. Between the two large front show windows is a planed granite tile of attractive pattern, which has the appearance of one solid slab. It is the lobby flooring of its kind in the city, except the Federal building. The stairway leading to the offices on the second floor is to the left of the south front show window and leads from the side walk level outside the store.

Special attention has been given to lighting. The large glass above the front show windows, the unusually high ceiling and a number of large skylights and windows in the rear provide an abundance of light. Specially designed lighting fixtures and special arrangement of electric lights will add to the attractiveness of the store interior.

### DICKENSONS INVITE FRIENDS TO VISIT THEM ON SATURDAY

Vernon friends of Rev. Robert E. Dickenson and family, who attend the football game in Dallas Saturday between Oak Cliff and Vernon are invited to visit at the Dickenson home, according to a letter received by The Record.

Dr. Dickenson's letter follows:

"I will be glad if you will state in your next issue that we will be happy to see any of our Vernon friends who might attend the football game between the Vernon Lions and the Oak Cliff team next Saturday, which game is to be played on the campus of the Southern Methodist University. Our home is in the first block adjoining the University Campus—3441 University Boulevard. Telephone Avondale 2791."

### CITY BAKERY OWNERS MAKE IMPROVEMENTS THIS WEEK

The owners of the City Bakery are making extensive improvements at their place of business. The partition between the bake shop and the sales room has been moved to make more floor space in the baking department. The front is being redecorated and a balcony has been built across the front of the building and the office will be placed there.

### CHIEF FIGURES IN NEWS OF THE DAY.

### REQUIRED NUMBER OF 300 TICKETS IN SIGHT TODAY NOON

Schedule Arranged To Give Several Hours in City Before Game Starts at S. M. U. Stadium at 2:30 for Place in League Semi Finals

The special train carrying Vernon rooters to the football game to be played in Dallas tomorrow between the Vernon Lions and the Oak Cliff Leopards will leave here tomorrow morning at 4 o'clock, giving passengers on the train ample time to look after business matters, get lunch and reach the Southern Methodist University stadium before the game starts at 2:30.

A schedule of six hours running time will be arranged for the special and one of the Denver's crack passenger engines will be assigned to pull the train.

All of the required 300 tickets had not been sold at noon today when the final check-up of sales was made, but it is certain that the train will be run, it was announced from those in charge of the ticket-selling campaign. Tardy ticket buyers are urged to make purchases at once in order that there may be no shortage of the required number.

A strong appeal is being made in behalf of the football team. "Back the Boys" is the basis of the appeal being made in pushing the ticket sales. This is being backed up by citing the record made this year by the football boys in defeating every team played by wide margins and is now within sight of a possible state championship. The 1924 boys are the only ones that ever gave Vernon a chance at a state pennant and the people are being urged to make the trip not only for their own enjoyment but as an encouragement to the boys who will carry the Vernon colors into the football field at S. M. U. tomorrow afternoon against the Oak Cliff team.

A victory tomorrow will assure Vernon's place in one of the three final games of the Interscholastic League schedule. It is pointed out that the presence of a large number of rooters from the home town will be a big factor in bringing victory to the Vernon boys.

"They are fighting for the honor of Vernon and are entitled to the support of every local citizen," is the way one booster expressed it today.

### BILL COFFEY TO LEAD 1925 BEARS

#### VERNON BOY ELECTED FOOTBALL CAPTAIN IN NEW PRECEDENT SET AT BAYLOR

The Baylor Bears, champions of the Southwest conference, have set a precedent of naming two captains for 1925 to alternate in the leadership of the team. Bill Coffey of Vernon, star quarterback of the Bears for the past two seasons, will share the honor of leading the 1925 Bears with Homer Walker of Waco, who alternated as center and guard this season.

The plan is to have Coffey as captain in one game and Walker in the following game. This step was decided upon by the members of the 1925 team because of a desire to do much to bring the conference championship to Baylor.

Young Coffey is a son of Mr. and Mrs. F. P. Coffey of Vernon and is playing his second year on the Baylor first team. He played high school football throughout Northwest Texas as a member of the Childress team, before going to Baylor. He is rated as one of the greatest backfield men in the Southwestern Conference, which includes the major universities of this section.

#### Reunions To Lumber Company.

Coleman Devers has returned to work with Wm. Cameron lumber company after being absent for some time on account of an operation for appendicitis. Mr. Devers was transferred to the local lumber yards from Willow, Okla., about the first of November, and was only here a few days when he suffered an attack of appendicitis and was taken to Mangum, Okla., where an operation was performed.

#### FARGO FARMER MAKES BIG YIELD IN COTTON

Wylie Sweatmon, living west of Fargo, has gathered seventy-five bales of cotton from sixty-five acres.

#### Building New Residences.

E. Lowe is building a four-room bungalow on his property at 2111 Bismarck in southwest Vernon.

H. B. Cox is building a residence on his property in west Vernon at 1404 Houston street. The building will have four rooms and will be modern in every way.

Miles Rainwater is remodeling his residence at 2204 Wood street in southwest Vernon.

#### WESTBROOK ELECTED NOBLE GRAND VERNON J. O. O. F.

Everett Westbrook was elected noble grand of Vernon Odd Fellows at a meeting held Monday night at the Odd Fellow hall. V. C. Morris is vice grand; J. A. Carney, recording secretary; I. L. Bryant, financial secretary and O. H. Naylor, treasurer. Installation will take place the first meeting night in January. The incoming noble grand has not selected his apostolites of officers. A. P. Mason, of Elliott, is district deputy and will install the officers.

### Measuring Cost By Durability

Economy is dependent upon quality or durability. It's not what a thing costs that makes it a desirable purchase. It is the service it will render.

The far-reaching importance of quality has never been overlooked in our store-keeping.

A high standard was set in the beginning. It has ever been maintained.

A close scrutiny is made of the goods that enter our stocks that real economy may be experienced by you when you favor us with your patronage.

### 40,000 Destitute Children! You Can Help Them!

There will be a World-wide observance next Sunday of the Golden Rule—"Do unto others as you would they should do unto you."

President Coolidge enjoyed a Golden Rule dinner the other day of thick soup, bread, stewed fruit and cocoa, and enjoyed it.

Eat a Golden Rule dinner yourself next Sunday at a cost of about five cents and contribute the difference between that and the cost of your usual Sunday dinner to help Near East Relief orphans to help themselves.

It costs \$100 a year to feed, clothe and train these innocent little victims of war and race hatred.

Send contributions to Cleveland H. Dodge, Treasurer, 151 Fifth Avenue, New York City, or leave it with us any day next week to go forward with our own contribution.

## There Are Bargains Galore for the Entire Family

We are certainly glad to announce that our new building is complete and we can operate under more pleasant conditions. Although we have been very much handicapped on account of the workmen finishing our front, our business has been exceedingly good.

We are also proud to number among our best customers some of the most substantial citizens of Vernon and Wilbarger County. In order to broaden our acquaintance and establish ourselves more favorably among the good people of Vernon and surrounding country we are going to give some real bargains worth while. Though we are a young concern having started a few years back with one of the smallest stocks of dry goods at Wellington, we are now operating seven of the liveliest dry goods stores in the Panhandle.

## THE COOLIDGE MESSAGE

Calvin Coolidge is a down East Yankee, and is therefore a very unemotional person. He didn't thrill the people with his campaign oratory last summer and fall, and now that he has delivered a message to Congress the newspapers almost overlooked it. In the past few years we have become accustomed to seeing the Presidential messages blazoned forth under huge head lines on the front page. The Coolidge message found space on most front pages but the big head lines were lacking.

The reason is that the Coolidge message was in no wise sensational. But it contained a lot of common sense just the same. After reviewing the general condition of the Government finances the President indicates that further tax reductions are possible if Congress will go about the business of spending public money in a sane manner. He strongly intimates that there is no need of any special legislation to hasten improvement of economic conditions, but on the contrary says that business and industry will find a way out of our present difficulties by adhering to rigid economy without any legislative aid from Congress.

In this the President merely directs attention to a fact that has been ignored by many in recent years, namely, that prosperity cannot be brought about by legislation and that legislation is more often a hindrance than a help. The greatest boon the government can bestow upon business and industry, according to the Coolidge formula, is to keep the burden of taxation to the very minimum.

Other recommendations and suggestions of the Coolidge message were of the same general tenor. Economy is not a thing to enthuse over, maybe, but it is a mighty good doctrine. The suggestion that Congress ought to pass the appropriation bills for keeping government machinery in operation and make haste to go home is likewise an uninspiring suggestion for the average lawmaker, who, like the Pharisee, fancies that he will be heard through much speaking, but it will be good for the country. As a pep leader the President is a failure, but he knows how to talk sense to Congress.

## THE TEXAS TAX DOLLAR

The estimates made by the Board of Control covering the expenditures for the State Government for the next two years ought to be read by every taxpayer in Texas. An effort has been made by the Board to trim expenditures down to keep within the anticipated revenues, assuming that no new levies will be made. Out of a total recommended outlay of about thirty-two millions of dollars, twenty-one millions, or approximately two-thirds of the total go for the support of State educational and eleemosynary institutions. From this total is omitted any appropriation of funds for aid to rural schools. Neither is the cost of administration by the State Department of Education included.

The reason these two items are not included is because the appropriations for rural school aid has always originated with the Legislature and since this particular expenditure does not form a part of any departmental expense, the Board of Control can take no cognizance of it in making up estimates. The sole method by which the Board can exercise any influence on this particular item, which has come to be a more or less fixed expenditure through system, is by way of suggestion on the assumption that the Legislature will consider this matter. The only financial demands considered by the Board are those which come from institutions and departments established by law, hence, the reason for the failure to include the almost certain appropriation of from three to five millions for rural school aid.

Roughly, therefore, it may be assumed that full two-thirds of every dollar finding its way into the State Treasury go for the support and maintenance of such institutions as the University, A. & M. College, the teachers' colleges and the various asylums for the care of unfortunate. The various departments of the State Government, such as the Secretary of State's, Attorney General's, the adjutant General's, the courts, the Land Office, and the Governor's office, all of which are certainly essential, account for the bulk of the remaining part of the money raised by taxation.

These facts show rather conclusively that there is very little opportunity for saving in taxes, unless we are willing to cut down the amounts used for education and the care of the insane and helpless wards of the State. Waste, there is, to be sure in some of the operations of the State Government, and there is need of economy in order that taxes may be held to the very minimum.

But the great trouble with average person who complains about taxes is that he never stops to consider what his tax money goes for.

We never hear a tax grumbler advocating a reduction in appropriations for education. On the contrary almost without exception they increase.

No one ever suggests that we spend less in caring

for the insane or blind. Yet two-thirds of all the money raised by taxation in the State of Texas goes for the support of the institutions provided for meeting just these needs. If any considerable economies are to come they must be in these very branches of the State Government.

Lower taxes are possible, but when we get to consider the things we must sacrifice in order to get lower taxes, the average man is unwilling to trade the education of his children, the orderly administration of his government and the care of helpless unfortunate for a few dollars' saving in his annual tax bill.

The truth of the whole business is that the man who pays enough taxes to hurt him is as rare as a red elephant.

## HEALTH LESSONS READY

NOW FOR SCHOOL CHILDREN

Plans for health lesson to be taught in the first seven grades of the public schools are available to all teachers requesting them from the nutrition and health division of the University of Texas, according to Miss Jean Pinckney, head of the division. These lessons are planned according to the present needs of the child with a consideration for

the seasons in which they are to be given, and have been endorsed by the State Board of Health and the State Department of Education. Emphasis in the teaching is placed on the beauty and joy of health rather than the dread of disease.

## MEN AND WOMEN IN NEWS OF THE DAY.

Above: DAVID BELASCO & MRS. FIELD M. WARBURG  
Below: JOSEPH LEITER & ALBERT SARRAUT

David Belasco, of New York City, dean of the American theatre, has been awarded the ribbon of a Chevalier of the Legion of Honor by the French Government. Mrs. Felix M. Warburg, wife of a New York International banker, has given \$500,000 to the Visiting Nurse Service in that city. Albert Sarraut, former French Minister of Colonies, former Governor-General of Indo-China and a member of the French delegation to the Washington arms conference, declares the real menace of the future peace of the world lies in an Asiatic bloc against the European bloc. The wine cellar on the Beverly, Mass., estate of Joseph Lotter, of Chicago, has been robbed for the second time of \$10,000 worth of liquor. More than \$50,000 worth was stolen the week before.

John L. Lewis, president of the United Mine Workers of America, is being urged upon President Coolidge as next Secretary of Labor to succeed James J. Davis. Samuel Compers, veteran head of the American Federation of Labor, has been re-elected president at the El Paso, Tex., convention of the organization. Ethel Leginska, pianist and composer, has returned to America from Europe to direct the New York Symphony Orchestra, the only woman who ever enjoyed that distinction. Rev. **LIONS BACKED TO LIMIT  
BY VERNON HIGH SCHOOL**

Every night for the last few nights the true spirit of Vernon High School has been demonstrated in the pep meetings. Every one is confident that next Saturday will bring another Lion victory and place Vernon High another step nearer the state championship, says the high school reporter.

At the same time everyone realizes that it will be a fight to the finish. This will be no picnic, no mere walk-over. Every play must be fought in order for the Lions to emerge victorious. That Oak Cliff's Leopards are not invincible was proved Monday afternoon when Forest Hi's grid crew forced a 6 to 0 victory down the Leopard's throats and made them like it. Highland Park scored on the Blue and White outfit and surely if a team of Highland Park's caliber can score on them, Vernon with her not-to-be-denied fight and weight, can beat them a touchdown or so. At any rate everyone who can possibly go will be there to see "Ye Lions" slaughter the Leopards.

## JUST HOW TO MAKE HOME HAPPY FOR HENS

Some of the important features of a good poultry house are: Plenty of sun light, roosts free from drafts, dry warm floor, plenty of fresh air, and proof against rats and vermin. Sun light may be had in a house by means of an open front at the south, by a semi-monster roof, or by both. The entire south side of the house may be left open except for poultry netting, if the other sides of the house are tight so that there will be no drafts through the house, according to poultry experts of A. & M. College.

An open front poultry house must have considerable depth from the front to the back so that drafts will not strike the roosts. This depth may be 16 to 20 feet, if the house is built for one hundred or more hens. A good size for a house for one hundred hens is 16x20 feet. A house for sixty-five hens may be 12x16 feet. One for two hundred hens may be 20x30 feet or 24x24 feet. If a large house is desired for more than two hundred hens, a depth of 20 feet may be used and a sufficient length given to house as many hens as is desired. An open house that is more than 30 feet long should have a partition in it about every twenty feet, to break up the drafts. Such partitions may be lumber or cloth.

The semi-monster house is a very desirable type for a large flock of hens. It permits sun light to strike the back part of the house, provides fresh air, and rain cannot easily blow into it as with the open front shod roof house.

So far as the material for a poultry house is concerned, almost all kinds are used satisfactorily. The walls of the house may be of concrete, adobe or lumber. The most common construction is the one in which drop siding is nailed to studs. Concrete is rather expensive for the walls. The cheapest floor is one of dirt. A dirt floor should be somewhat higher than the surrounding ground so that it will be warm and dry. A concrete floor is more permanent and sanitary. Ship lap makes a very good kind of lumber for a board floor. A board floor should be high enough off the ground so that rats will not harbour under it. A solid concrete foundation entirely around the house is very desirable, even though dirt is used for the floor.

Probably the best roof for a poultry house, when everything has been considered, is the shingle roof. It will last longer than prepared roofing and is not as hot as a sheet iron roof. Sheet iron makes a durable roof, but if used, should be placed rather high above the floor so that the heat will not be felt too much by the poultry. If a flat room is used, having but little slope for drainage, it is almost necessary to use a composition roofing, over solid board sheathing. This makes a good roof as long as it lasts.

The Extension Service of the A. & M. College will furnish blue printed plans for desirable types of poultry houses to anyone who is ready to build a poultry house. A bill of material for the houses can also be furnished.

# ONE KILLED; TWO HURT IN CAR CRASH

P. E. Holland, 24, was fatally injured, Joe Collins, 43, was seriously injured and George Adams was slightly hurt last night when the car in which they were riding collided with another machine parked on the highway, six miles east of Vernon.

Holland and his two companions had started to Vernon from the farm of Earl Byars, where they had been employed picking cotton by Mr. Collins, a tenant on the Byars farm, and soon after turning toward Vernon on the pavement their car struck the parked car. The parked car was displaying no lights of any kind, according to Adams, who is the only member of the party in the wrecked car who was able to give any account of the accident.

Holland died on the way to a hospital in Vernon after being picked up by passing motorists. He never spoke after the crash. Collins is suffering from concussion of the brain, a badly crushed chest and other injuries. He has never fully regained consciousness since the accident. Physicians have been unable to determine the full extent of his injuries and he may be fatally hurt.

Adams, who was driving the car suffered a broken collar bone and a number of painful bruises about the body, but was able to leave the hospital after receiving first aid. Adams says the car he and his companions were driving had no lights, except a lantern which was being held by one of his companions. He did not see the car parked on the roadside until too late to avoid a collision. His car turned completely over, pinning the occupants underneath. Passing motorists rescued the three and rushed them to Vernon for medical aid.

It is believed the parked car had been stopped on the road on account of tire trouble. It was on the pavement, according to Adams. One version of the affair is that a negro was repairing a tire on the parked car when the collision occurred, but no one was seen in the vicinity immediately following the crash and no one has appeared to claim the car. It is believed that the owner of the car fled when he saw what had happened, possibly fearing arrest and possible criminal prosecution on a charge of negligent homicide.

Holland was married, having been married only a few months. Mrs. Holland is a sister of Adams, driver of the ill-fated car, who is also married. The two couples came here some time ago from Woodbury, Hill County, to pick cotton, and had been employed by Mr. Collins on the Byars farms, near Oklaunton.

The body will probably be shipped to Woodbury for interment. It is being held at the Underwood funeral home awaiting advice from relatives in Hill County.

## VERNON WOMEN ASKED TO SERVE "4 CENT DINNER."

The secret of preparing a "four-cent meal," such as was served to President Coolidge and other distinguished guests at the recent Golden Rule dinner of the Near East Relief, was explained today by national headquarters of the relief organization, in reply to hundreds of letters from all parts of the country.

Housewives of Vernon are asked to serve this menu Sunday, donating the cost of a regular meal to the Near East Relief.

"The dinner served to the President and 500 other guests at the New Willard Hotel was a duplication of a typical meal as served in the overseas orphanages," says the statement. "The menu consisted of rice pilaf, macaroni, black bread, steamed apricots and corn syrup and coco. Dietitians say this menu contains all the vital food elements.

"The official reports to Congress show that the cost of meals in the overseas orphanages averages \$3.20 per month of ninety meals. This is at the rate of three and a half cents a meal.

"American housewives in preparing the same meal will find their cost somewhat higher, because naturally the orphanage food purchases are made on wholesale basis, and always in the most advantageous markets. Also, the American housewife will probably serve much larger portions, although the orphans' portions are based on a scientific study of the requirements of a growing child, and are adequate.

"The rice pilaf is a staple Armenian food, easily prepared, economical, nourishing and tasty. To prepare, boil the rice in a double boiler; use hamburg steak, chopped onions and green peppers to make a broth of sufficient consistency to mix nicely with the rice; place in oven and serve hot.

"In organizing and developing a dietary system for feeding 50,000 children daily, the Near East Relief asked the advice of a board consisting of ten leading American food specialists. Seven vital foods were selected as essential for building health and strength: condensed milk, bread, beans, coco, macaroni, rice and corn syrup. American standard brands are used almost exclusively in the orphanages."

## MISS KING IS HOSTESS TO AVALONS TUESDAY

Miss Minnie King was hostess to the members of the Avalon Bridge club and other guests at her home on East Wilbur street Tuesday afternoon. Five tables of games were played. The prize for high score for club, a flower bowl went to Miss Lily Castlebury. The guests prize for high, hand painted salt and pepper set, was won by Mrs. V. H. Babash. Miss Robbie Castlebury was consoled with a booklet of candy recipes. The house was beautiful with its decorations of chrysanthemums.

A delicious two-course luncheon was served to the following: Messes Roy Abbott, J. T. Glover, C. V. King, L. M. Lovelace, R. S. McCombie, M. J. Moore, J. G. Sherman, S. A. White, H. E. ## HABERDASHER IS BURGLARIZED HERE

### THIEVES GAIN ENTRANCE THROUGH SKY LIGHT AND MAKE BIG HAUL

The Haberdasher store was robbed early Thursday morning of goods valued at between six and seven hundred dollars according to an inventory by the owners, Reed Smith and Aubrey Foster.

The thieves climbed to the roof from the rear of the building and gained entrance through a skylight about the center of the store. They attached a short ladder to a strong wire which they hooked to a steel ventilator and let it down through the skylight. It was an easy matter to step off the ladder on to the balcony.

Several men's suits, overcoats, leather coats and other men's fur-

nishings were taken and some of the most expensive solid leather travelling bags are missing. About \$40 in currency was taken from the cash drawer.

It is not known how they left the building but it is possible that they walked out boldly through the front door as only the night latch was on which could be opened easily from the inside. No clues have been found.

## HUNDREDS ATTEND M'CALEB BARBECUE

### OWNER OF COTTON SEED PLANT GRATIFIED WITH RE- SULTS DESPITE WEATHER

About 400 farmers and ginner attended the barbecue given at the W. M. McCaleb home, one mile east of town on the highway, yesterday from 10 a. m. to 2 p. m., given as a part of the program formally opening his new barn and cleaning plant installed to prepare his Half and Half cotton seed for the market.

Mr. McCaleb had a crew busy all night Wednesday cooking 1,000 pounds of beef and four sheep to take care of the visitors. The weather interfered with the original plans of entertaining the crowd to some extent and greatly cut down the attendance. It was planned to serve the barbecue on long tables in the open air, but the high winds and sudden drop in temperature made it necessary to serve the dinner inside the seed building.

After the dinner was complete visitors were shown through the building while Mr. McCaleb explained his methods of growing cotton seed for the planting market and methods employed to select and cul the seed before they were delivered to buyers. The machinery installed for the purpose of cleaning and preparing the seed for shipment was in operation during the day, showing the visitors every step in the preparation of the seed.

Mr. McCaleb had widely advertised the demonstration, inviting farmers from throughout Northwest Texas. Many were present from Childress, Wellington, Paducah, Rochester and many other points in Texas, besides a delegation from the vicinity of Elk City, Okla. Many telephone calls were received during the day from men had intended to make the trip saying that the bad weather had interfered with their plans. Mr. McCaleb says he is certain that two or three times as many people would have been present if the weather had remained pretty, but that the affair was a complete success despite this handicap.

The body will probably be shipped to Woodbury for interment. It is being held at the Underwood funeral home awaiting advice from relatives in Hill County.

**Mother of Mrs.  
McHugh Dies In  
Pittsfield, Maine**

Mrs. Ellen J. Colby, 81, mother of Mrs. E. L. McHugh, of this city, died yesterday morning at the home of her niece, Mrs. George Douglas, at Pittsfield, Me. She had been in apparently good health all winter with the exception of a slight cold the last few days.

Mrs. Colby had made her home here with her daughter for nearly three years and had returned to Maine last summer, accompanied by Mrs. McHugh, where she had expressed desire to spend the remaining years of her life. She was well known here and had a warm circle of friends, who will regret to learn of her passing.

Mrs. McHugh will be unable to attend the funeral.

**DODGE BROTHERS  
REDUCE PRICES**

Announcement of a reduction in the prices of all Dodge Brothers Passenger Cars was received today by J. B. Hendrix, local Dodge Brothers Dealer.

The new prices are effective Monday, December 1st.

The reductions are especially sharp on the closed types. The Type A. Sedan, for example, on which the list price was formerly \$1855, is now \$1245. The Type B. Sedan, which formerly sold for \$1250, f. o. b. Detroit, is now listed at \$1095. There is also a reduction from \$1035 to \$995 in the list price of the Business Coupe. Dodge Brothers Roadster, under the new price, will sell for \$855 and the Touring Car for \$885.

The announcement from Dodge Brothers also carried the information that balloon tires are standard equipment on all passenger cars. New prices on Special Type cars are as follows:

Special Roadster	\$ 955.00
Special Touring	985.00
Special B. Coupe	1095.00
Special B. Sedan	1195.00
Special A. Sedan	1330.00

The special types carry such extra equipment as nickel radiator shell, motometer, front and rear bumpers, body stripe, steel disc wheels, scuff plates, cow lights, and five balloon tires.

Announcement of these reductions provoked endless discussion throughout the entire industry. The year 1924 has been the most successful in Dodge Brothers history and it is now evident that the factory is determined to establish an even more enviable record in 1925. Obviously, the market for Dodge Brothers Motor Cars will be broadened immeasurably by the lower prices, particularly the closed car types.

Substantial improvements in the appearance, riding comfort and other important details of construction and design, plus the car's long standing reputation for dependable performance, were responsible for the greatly accelerated demand during 1924. For a number of months production was maintained constantly at a rate close to 1000 cars per day.

Prices of Dodge Brothers Commercial Cars and Chassis are not affected by the reductions.

**Fargo Bride Honored.**

A very pretty miscellaneous show was given for Mrs. Wilbur Price, recent bride, formerly Miss Betty Quiner of the Fargo community, at the home of Mrs. Norman Olive, Wednesday afternoon. Mrs. Price received many beautiful and useful gifts. Those present were: Messrs. W. H. Olive, Bob Olive, T. W. Underwood, Ben Ketchersid, F. M. Sweatman, Jas. Stafford, T. E. Stafford, Hite, George Beavers, George Price, and Misses Essie Price, Laura Lillian and Frances Sweatman.

BERTHE MRAZEK.

The recent arrest of Berthe Mrazek, noted woman faith healer, in Brussels, caused rioting in the Belgian capital, a number of her devout followers being injured. She was charged with fraud. Berthe Mrazek has been dubbed the "Rasputin of Belgium." She affects manly attire and manners.

Universal's Extraordinary Chapter Play. A strong drama of vigorous, vibrating life and love, in the grim harshness of the Canadian fur-producing north. Made in surroundings never surpassed in any man-made production, viz., nature's unshackled magnificence. This superior ten chapter production is a step up in continued screen dramas. The star and cast are artists and athletes—in a whirlpool of intrigue—are carried through seething rapids of dangerous action. Ravaging wolf packs, outlawed pirates, nature's relentless elements, perilous adventures and miraculous adventures mark the ten chapters of this throbbing, thrilling life in saw, running the gamut of all human emotions in each—closing with a avalanche, interest-compelling climax.

The many admirers of Cosmo Hampton's latest and greatest novel, "Another Scandal," who have been anxious to see a film version of it, will be glad to know that it is coming to the Pictoriun Theater for one night.

Lois Wilson has the starring role of Beatrice Franklin, and her supporting cast includes Holmes Herbert as the husband, Ralph Bunker as Malcolm Fraser, Flora Le Breton as "our wee friend May," Ralph W. Chambers as "Valentine Beamish," Hedda Hopper as "Elizabeth Mackenzie," Zeffie Tilbury as "Brownie," Bigelow Cooper as the old rouse, and Harry Grippo as "Arry Arris."

Love, romance, and a battle of wits between two women of different types, a devoted husband lured to the core by his loving wife, scenes of wonderful beauty, action from the first to the last sequence will combine to make the picture one of the hits of the year. In the book, and in turn on the screen, one of the biggest themes ever conceived has been caught and portrayed. The application of the problem presented is universal. This is one of the chief reasons for its great appeal.

G. Marion Burton adapted the novel for the screen and E. H. Griffith directed.

"The Narrow Street" is having its last showing tonight. The story in brief concerns itself with the disturbing element of a lovely girl fleeing from the police, who burst into the solitude of a bachelor's home and heart, only to create new

Double-Barred Crosses of one kind and another have been in use

for centuries throughout the world. The crusades of the eleventh, twelfth, thirteenth, and fourteenth centuries familiarized Europe with them.

The adoption of the Double-Barred Cross by the Tuberculosis Association as their official emblem is very fitting. This emblem, which has for centuries been identified with various crusades, is now the

## NEW PRO-ENGLISH PREMIER FOR EGYPT.

Above MAJ GEN SIR GEO MACMUNN & PRINCE SHUTSKY  
Below H P FLETCHER & ZIWAR PASHA.

Ziwar Pasha, President of the Egyptian Senate, and strongly pro-English in his tendencies, has been appointed by King Fuad as new Premier of Egypt, following the resignation of Zaghloul Pasha. Henry P. Fletcher is shown as he sailed from New York, to resume his duties as American Ambassador to Rome, Italy. Major General Sir George MacMunn, Quartermaster General for India, will become British High Commissioner for Palestine at the retirement of Sir Herbert Samuel. Prince Adam Petrovich Shutsky, known in Chicago as Editor Skopin, of the Russian Herald, is in reality a member of the Russian royalty.

## CLARK HEADS STATE TEACHERS ASSOCIATION

Lee Clark of Gainesville was elected president of the Texas State Teachers Association at the election held Friday in San Antonio during the Association convention. He succeeds G. O. Clough of Tyler, who planned the splendid program just closed at San Antonio. Clark is one of the best known school men of Texas, and has had a record of building wherever he has been. Clark defeated J. H. Morgan of Eagle Lake for the presidency in a hotly contested election. The men are close friends.

E. K. Barden of Livingston was elected to succeed Bonner Frizzell of Palestine as first vice president. Miss Mary Nash of Kaufman succeeds Miss Mamie Bastian of Houston as second vice president; and Mrs. Stella Cole of Breckenridge succeeds T. D. Brooks of Waco as third vice president. R. T. Ellis continues as secretary-treasurer, and Clough continues to serve on the executive committee as past president.

G. D. Stoton of Canton was elected to succeed Miss Mary Nash of Kaufman as a member of the executive committee; L. V. Stockard of Dallas was elected to succeed Julius Dorsey, also of Dallas; Miss Harriett Smith of Huntsville succeeds R. M. Woods, also of Huntsville; Miss Mary Carroll of Corpus Christi

succeeds W. J. Knox of San Antonio; Miss Clyde Duncan of El Paso succeeds Miss Lillian Huggins of El Paso, and P. E. Shotwell of Abilene succeeds R. D. Green of that city. Two other members of the executive committee, T. J. Yoe of Brownsville and E. M. Day of Gonzales, were elected to succeed themselves, having been appointed during the past year to succeed resigned members.

The teachers carried out a program that will be of far-reaching influence in the subsequent history of public school development. All phases of school activity were discussed with a view to giving the best possible school program.

El Paso, Dallas, Austin, Houston and Fort Worth invited the convention for 1925. The convention city will be selected in January by the executive committee.

## What I Did Last Friday After School.

This theme was written by Leona Hughes of the Vernon high school:

"For some reason or other, mother refused to let me go to the ball game. My! how I did want to see that game, for I just knew that we would win. I suppose she had a nice little task laid back for me, as usual. Any way, I did not see the game, and now there is nothing

## The Business Built on Rock Wants Desks Built of Steel

As a firm foundation to transact business on, you will know no equal of these—

## Art Metal Desks

While its beauty is essentially the beauty of utility, this desk is finished with rare tone and distinction. The standard finish is a rich, harmonious Olive Green, but we can furnish your Art Metal Desk in oak, mahogany, any plain stained wood effects suitable to your taste.

Here's the desk for the solid, substantial business man—for the firm making a name for stability. This desk reflects the prestige and permanence of your establishment. Suppose you call today and see the line.

## SHIP WRECKED AT SEA BY LIGHTNING.

Above is shown the wooden schooner Inspiration as she was found by the steamer Cardiganshire drifting helplessly at sea for eight days. The schooner was struck by lightning during a heavy gale, and her rudder and part of her stern were carried away.

about which to write this awful theme, Mr. Cook said, "Tell what you did in doing nothing," who on earth could write on such a subject as "Nothing?"

But I did not do that supposed piece of work when I went home. The first thing that I did was to prepare my lessons for Monday. I recd my Chemistry, but could not get any sense out of it, then I decided to read from my favorite poet, Bryant. I read "Thumatopsis" and "To a Waterowl," but they did not seem so wonderful to me, and I could not see why most anyone could not write poems as good as these, so I thought I would just "mang on sq pnoos" if soug xri was not, upon a mid-night dreary, "but I pondered weak and weary," and was weak of mind and weary at heart, on account of nature failing to speak.

I was soon seated under an elm tree on the bank of a creek one-half mile or more from home. Here is where my imagination must work, I thought. The murmur of the water beneath my feet, the fluttering of doves and the whispering breezes, seemed to be nature enough to in-

spire any one into song. I sat and sat, with eyes closed, and my head against the tree, that seemed to be pitying me as I waited for an inspired thought. My soul failed to catch the note of song; my poor brain was all a whirl, and not a half dozen words could I put on paper. I decided that Bryant was more of a genius than I, because "nature failed to speak her various languages" to me, at that moment. She seemed to have no "voice of gladness," and I could not see her "smile and eloquence of beauty." I decided to try Poe's style, though good as these, so I thought I would just "mang on sq pnoos" if soug xri was not, upon a mid-night dreary, "but I pondered weak and weary," and was weak of mind and weary at heart, on account of nature failing to speak.

The sun was sinking swiftly as I gathered the scattered sheets of paper at my feet, and crammed them into my sweater pockets. As I retraced my steps up the path which

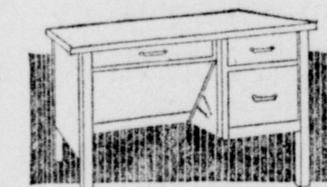

I had tread, some two hours past, I had no desire to be a poet. My mind was at ease, save for a space occupied by the thought of that new dress and hat which I had seen in Murray's window that very afternoon."

**Study Course For  
B. Y. P. U. All Next  
Week at Church**

There is to be taught at the Baptist church each evening next week, beginning at 6:30, a B. Y. P. U. training course. All are welcome to attend. The Baptist young people especially urged to be present. We desire to have as large a number as possible take the examination to be given on Friday evening and receive a B. Y. P. U. diploma. There will be two periods of training, each evening the women of the church will serve something good to eat between these periods.

Every evening during the week there is to be a special program rendered by some of the talented people of Vernon.

Rev. T. C. Gardner and Miss Ethel Hudson are to have charge of the B. Y. P. U. services, which are to be conducted beginning at 6:15 next Sunday.

The special program for the week is as follows:

Monday evening: Vocal solo—"Rockin' in de Wind."

Mrs. Fielder.

Reading, selected—Mrs. Leon H. Brown.

Tuesday evening:

Reading—The Heathen—Rosa V. Cole.

Reading—My New Little Brother—Gwendolyn Staley.

Music—Rendered by Prof. Paul Setzer.

Wednesday evening:

Plano solo—Excerpt from well known marches combined—E. T. Paul—Mr. Wilson W. Cook.

Reading—"A Kentucky Philosopher"—Harrison Robertson—Louise Kressenberg.

Piano solo—"Clayton's Grand March"—Magnolia Williams.

Reading, selected—Miss Annae Lee Pendleton.

Thursday evening:

Reading—"The School Exhibitions"—Mrs. A. N. Vernon.

Violin trio—"Valse Barcarolle"—M. Greenwald—Loreta McCaleb, Hobie Flamiken and Katherine Egg.

**Four More Couples  
Are United By  
Judge Griffiths**

Judge T. J. Griffiths is having a busy season on marriages. He unites couples almost every day and some time as high as four couples per day appear before the Squre to have the matrimonial knot tied. Tuesday he married three couples. Mr. Bodine and Miss Irene Gowdy both of Electra appeared at 11 o'clock and were wed.

Just after lunch that day, Troy Mills and Miss Grace Roberts, both of Elliott community, were married. The bride is a daughter of Mr. and Mrs. C. B. Roberts of Electra and they will make their home in that community.

R. H. Peacock and Miss Della Williams, both of Wichita Falls, appeared at 2:30 p.m. They were married and will live in Wichita Falls.

Late Wednesday evening the Judge married Robert F. Ottwell and Miss Myrtle Maxwell, both of Snyder, Okla. The ceremony was performed at the Judge's home in Northwest Vernon. The couple will make their home in Snyder.

**Pupils In School  
To Receive Big  
Prizes for Essays**

L. A. Hollar, county superintendent, is in receipt of the following information about a prize essay contest that is being conducted by the American Chemical Society, Highway Education Board and National Tuberculosis Association:

This contest provides for awarding six national scholarships to Yale University or Vassar College with tuition fees and \$500 annually for four years. Provision is also made for six years of \$20 in gold to the six winners in each state contest. Full particulars may be obtained from the American Chemical Society, 810 Eighteenth Street, N. W. Washington, D. C., or Dr. W. T. Gooch, Baylor University, Waco, Texas. The contest closes March 1, 1925. One of the four year scholarships to Yale was won last year by James Cole Reid, Bryan street high school, 2225 San Jacinto St., Dallas, and the first (\$20.00) and second (honorable mention) prizes in Texas were won by the following named students:

**First Prize.**  
Joe Franklin, Dallas, Texas.  
Howard Francis Hambleton, Dallas, Texas.

James Cole Reid, Dallas, Texas.  
Katherine Burns, Freeport, Texas.

Ethyl Walton, College Station, Texas.

Charles J. Robertson, Jr., Houston, Texas.

**Second Prize.**

Henson Bynum, Crockett, Texas.  
Beatrice Norma Sachs, Dallas, Texas.

Wortham Hogue, Paris, Texas.  
Jack Hixson, Dallas, Texas.

Edwin Ernest, Dallas, Texas.

The subject for elementary school pupils is "My Conduct on Streets and Highways." All pupils of the Fifth, Sixth, Seventh and Eighth grades may compete provided they are under fourteen years of age. Essays must be handed to teacher or principal not later than December 20, 1924. Elementary school teachers may earn prizes on how to teach children safe conduct on streets and highways. All teachers below high school eligible. Closing date December 20, 1924. Write the Highway Education Board, Willard Building, Washington, D. C. for full particulars.

National Tuberculosis Association. This contest is offered for a Health Play of one or more acts to consume not more than thirty minutes. The prize will be given to the school and not to the individual. Schools desiring to enter this contest must write, declaring intention to do so before January 1st, 1925, to the National Tuberculosis Association, 370 Seventh Avenue, New York City. This contest closes March 1, 1925. Information can be furnished by Texas Public Health Association, 616 Littlefield Building, Austin, Texas.

**MAN INJURED IN OIL  
FIELD WILL RECOVER**

E. C. Miller, oil field worker, is in a local hospital recovering from injuries received in the oil fields Wednesday night. He is suffering from two deep gashes in his head and a severe cut on the left hand. He has also developed a slight case of influenza because of exposure and loss of blood. It is thought that he will recover.

**Girl Sent To Reform School.**  
Evelyn King, 15, who was sentenced last week by Judge Jas. V. Leak, in District Court, to serve four years in the Girl's Training School for delinquency, was taken to Gainesville Thursday morning by J. M. Keesee, deputy sheriff, to start serving her sentence.
